Skinfood Anti-Aging Moisturizers pack a double punch

Fight dry, undernourished skin and fine lines with this new line of nourishing products

GS Products who brought the US market Hollywood's favorite foundation make-up, Bio Fond, is now bringing a nutrient rich, anti aging line of moisturizers to nourish the skin and delay the signs of aging. These products are formulated with 100% pharmaceutical grade ingredients, cutting edge technology and exclusive Swiss formulas.

Skinfood Ultra Vital and Skinfood Extra Riche nourish the skin by providing critical moisture content, anti-oxidants and essential nutrients deep into the epidermis. The synergistic combination of these ingredients allows for better absorption, deeper penetration and long-lasting effects for every type of skin.

In a recent skin care study, Tamarind Seed Extract was found to outperform Hyaluronic Acid in skin moisturization and in smoothing fine lines and wrinkles. This phenomenal extract is naturally rich in health boosting nutrients, enzymes, tartaric and malic acids (AHA's) and collagen fiber but is gentle enough for even the most sensitive skin.

[GS Products](#) uses only the highest quality extracts available, pharmaceutical grade, of the Tamarind Seed Extract, allowing for consistent and high performance results. Tamarind Seed Extract has been found to include many important anti-aging factors including Alpha Hydroxy Acids, Sugar Enzymes, Citric Bitartrate and Collagen Fibers. Proven to be hypoallergenic and ideal for all skin types, this ingredient in the GSP products helps to tighten the skin while delivering nutrition to the skin and aiding in hydration.

Skinfood Ultra Vital for normal-to-combination skin types and Skinfood Extra Riche for dry-to-mature skin types both contain this exciting new ingredient, Tamarind Seed Extract. Used in combination with Swiss Edelweiss, Apricot Kernel Extract, Wheat Germ Extract, Sunflower Seed and Vitamin E, these formulas outperform most other moisturizers found at a competitive price point. Paraben Free, Mineral Oil Free, Animal Cruelty Free. All GS Products have received the Swiss Crossbow of Excellence.

Retail Prices start under \$70. For more information please visit our website, email our team, join us on Facebook or give us a call.
